## Safe Church Statement

The Uniting Church believes that all people are made in the image of God and that God reaches out to us in love and acceptance and that our relationships with each other should express love and respect and not be abused.

We welcome all regardless of race, sex, creed, age, cultural background, sexual orientation, gender identity or intersex status.

Wherever you are on your faith journey; wherever you have come from and wherever you are going to; whatever you believe; whatever you do not believe; you are welcome here.

# Recognition of First Nations People

Pitt Street Uniting Church meets on the land of the Gadigal people.

As we gather, we acknowledge the traditional owners of this land;  
land that was taken from them  
without their consent, treaty or compensation.

We meet on holy ground.

The Spirit has long-dwelted  
with the First People of this ancient land.

We honour the Gadigal people  
and pay respect to the elders as we gather to worship God.

## Walking Together with First Nations

Working for justice and new life together is a core commitment of our developing Pathways Plan, through a focused Walking Together group, as an expression of the Covenant between the Uniting Church

# LGBTIQA+

- Aiming for Pitt Street to be a safe place of welcome regardless of sexual orientation, gender identity and intersex status.
- Submissions to church and government inquiries into LGBTIQA+, and specific issues such as discrimination, and marriage equality.
- Participation in LGBTIQA+ community events such as the annual Mardi Gras Parade and Fair Day.
- Welcoming and offering space for LGBTIQA+ groups and individuals, including for celebratory events with Sydney Gay and Lesbian Choir and other LGBTIQA+ community leaders.
- Offering fully affirming pastoral conversation and referral for people thinking about their sexuality or gender identity.
- Celebrating marriages, blessing and other rites of passage for all, irrespective of sexual or gender orientation.

## Some of our Members also take part in —

**Equal Voices** is a movement of straight and LGBTIQA+ Christians who mourn the silencing and rejection of Christians who are LGBTIQA+ by our churches.

We are committed to the cultivation of church cultures in which LGBTIQA+ people are welcomed and accepted on the same basis as anyone whose sexuality gender identity is 'straight'.

**Inclusive language guide that respects people of intersex, trans and gender diverse experience:**

Follow [Inclusive Language Guide](#) for a language guide prepared by Dr Gavi Ansara for the National LGBTI Health Alliance.

Whilst we are predominately an older congregation we warmly welcome people of all ages and are working to reflect the gifts and interests of all.

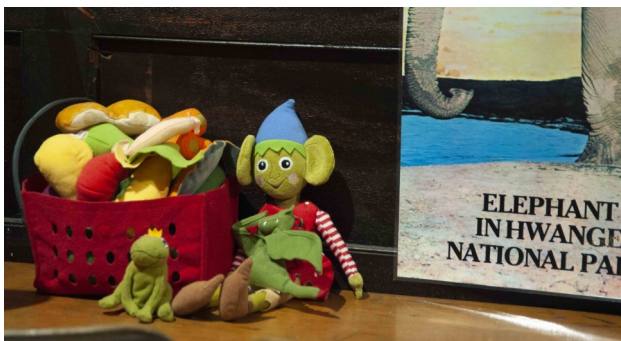

# Younger People

## Younger Adults

The Younger Adults at Pitt Street meet informally over a shared meal about every two months. The purpose is to assist younger adults who are attached to PSUC to know one another, given that not everyone attends every week. It assists younger adults to gravitate to one another when they do attend. There is a **WhatsApp** contact group and at present there are 35 people on this. Contact the office for details and or how to join.

## Children +

We delight in the children of our community and seek to support them in exploring faith and making their own contributions to our shared life and worship. As a symbol of this we have recently revamped the 'Children's' area of the church building, with soft furnishings and resources for play and expression, bringing children symbolically and literally closer to the centre of the Church.

# Visitors

We delight to receive many visitors from across the world and from our city and country.

You are welcome to join our Worship Services at 10:00am on Sunday.

The church Council has decided that we should only have the church open on Thursdays in July and August. The numbers of visitors has dwindled significantly over the past cold weeks. We will try and reopen 3-4 days a week in spring when things warm up.

The Welcome zone is half-way down the left-hand side of the Church with a volunteer to answer your questions.

# Refugees

Pitt Street is a strong supporter of and advocate for refugees and people seeking asylum in Australia. Over a period of years we have assisted a number of individuals including making representations to the Department of Immigration. In addition we have joined other people of faith and community groups in public rallies to support a change of government policies. The Australian government continues to imprison 500 people on Manus Island and Nauru. We believe the camps should be closed and these people immediately brought to Australia.

# Music

## Sydney SINGS / With One Voice

The Sydney SINGS/With One Voice gathers on a Tuesday night after work. It is a diverse group of about 100 people who sing 1960's/70's pop songs.

## Choir

An occasional choir is pulled together on occasions. Contact the office if you would like to join this.

## Instruments

The Church has a Hills Pipe Organ and a Bosendorfer Piano.

On occasions members of the congregation play their own instruments.

# Faith

At Pitt Street you will find an energized and inclusive community of people seeking God's transforming presence. Pitt Street is a safe place to connect your spirit without disconnecting your mind. It is a place for experiencing Sacred Presence in a diverse congregation that celebrates and values the gifts brought by each person. We invite you to take part in gatherings that are rich and innovative, linking theology, spiritual formation, and concern for social and ecological justice.

## Reflect and Connect

Reflect and Connect is a weekly time and space for meditation and contemplative dialogue for City workers, residents, visitors, shoppers and those passing through.

Come join us on Thursdays from 12:30 pm to 1:30 pm in the Peace Chapel at Pitt Street Uniting Church.

People are welcome to drop in when it suits them or to come regularly.

## Pitt Street Earthweb

### The Purpose of Earthweb

Earthweb was established to provide a focus for congregational concerns about climate change and environmental breakdown. The Uniting Church Assembly aims to reach net-zero carbon emissions by 2040.

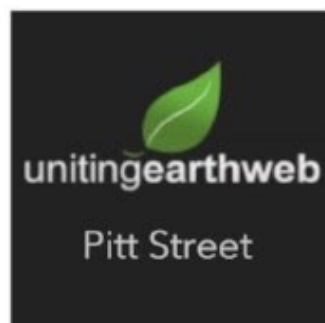

Earthweb has undertaken an audit of our carbon footprint and is suggesting changes that reduce our carbon footprint and environmental impact.

Earthweb has supported groups and actions that are advocating for meaningful action on climate change.

We also have connections with ARRCC, Australian Religious Response to Climate Change and join with them in climate activism.

**MEETINGS:** via zoom third Wednesday of every second month. 7:00 - 8:30pm

Contact the office for details.

# Pitt Street Cultural Foundation

*The VISION of Pitt St Uniting Church is to offer radical hospitality in the City of Sydney for spirituality, creativity, ecology and the common good.*

The Pitt Street Cultural Foundation was established to introduce the Church as a vibrant community for musical performances, art displays and public meetings. A crucial part of Pitt Street establishing the Foundation enabled us to develop a long-term plan for maintaining our heritage building through the Conservation Management Plan.

Projects undertaken through the Foundation during Sydney WorldPride 2023 included the Queering Angels Lanterns flying in the roof space, Lantern Making Workshops, and the Shrove Tuesday Pancake Pride Ecumenical Service.

Many groups choose Pitt Street Uniting Church as their rehearsal and performance space. Individuals and groups have discovered the joy of performing at Pitt Street, and this has brought new life and colour to the space. Though they contribute financially to the upkeep, more is required to fulfil our vision.

Thursday 3 August and Friday 4 August 7.30pm

Behind the mask. Between these walls. The Innenraum.

The second production of our 2023 season, Leoncavallo's Pagliacci premiered in 1892, amidst a wave of verismo aiming to bring the arts closer to their audiences, exploring subjects and themes disarmingly interwoven with their surrounding world. Similarly, this is a Pagliacci reimagined for our world today; haunting, incisive, determined.
